Order No.W.1313-85-W.138-40-2, dated Bangalore, the 29th December 42.

The Government of His Highness the Maharaja are pleased to direct that the following special considerations be shown in the case of officers of Government in civil employ who volunteer themselves for War Service:-

A Government servant permitted to volunteer for War Service will be given furlough pay, plus the pay and allowance of Army rank. Absence on War service will not be regarded as an interruption of duty for leave already earned, and will count for pension but not for leave. If the officer in question was holding an appointment on incremental pay, the period spent on War Service will count towards increments. On return to civil duty, such an officer will have the right to resume the appointment which he was previously holding or an appointment of the same class and carrying not less pay.

For the purpose of these concessions, the following kinds of service will be deemed to be War Service:-

(a) Service of any kind abroad with a mobilised unit;

(b) Service in India under Military Munitions or Stores authorities and service in a factory notified under section 4(1) of the National Service (Technical Personnel) Ordinance II of 1940, in all cases with liability to serve abroad when required; and

(c) A period of training with military units with liability to serve abroad when required.
